DETAILED ACTION

Claim Objections

Claims 9-16 are objected to because of the following informalities: in claim 9 line 10 should "mounting flange" be –guide member? There is no antecedent for "first mounting flange". Appropriate correction is required.

Allowable Subject Matter

Claims 1-8, 17-20 are allowed.

Claims 9- 16 avoid the art of record and will be allowed if amended to overcome the above mentioned objections.

The following is an examiner's statement of reasons for allowance: the claimed combination of a reservoir having collapsible sides, the support carriage, and a cartridge has not been shown or suggested by the prior art. It is felt that the closest art may be 4,800,649 which shows only a collapsible reservoir.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Douglas D. Watts whose telephone number is (703) 308-0153. The examiner can normally be reached on Mon.-Thurs..

This application is in condition for allowance except for the following formal matters:

See the objection to claims 9-16 set forth above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allen Shoap can be reached on (703) 308-1082. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
